Apr 8, 2022 could someone link me to a txt file that contains a dump of the 16kb bios 7 and 4kb bios 9? Apr 9, 2022 The only links I can find to a dump of the bios 7 are for the bios 7.bin file. Not sure if the link for 4KB bios 9 is the same way, but I can't see where it is so if anyone has a link for bios 9, I'll use that instead. bios 7 bin nand file bios 9 bin nand file 1 bios 7 bin 1 bios 9 bin any bios files firmware bios 7 bin file bios 9 bin file Apr 9, 2022 Original request was dsi bios files. I've now changed to nds since I'm interested in the arm7 and arm9. However, someone could still share the nds bios 7 and 9 files. Oct 7, 2020 Anyone have the proper bios7 and bios9 for the nds? I have the firmware.bin but not the bios.bin Jun 11, 2021 I was able to get a hex file from gom. Anyone know where I can get the bios7.bin and bios9.bin? Jul 23, 2020 I'm currently trying to create my own kernel for the r4dsi. I'm being unable to find the original bios.bin files. Any help on where I can find the bios files would be much appreciated. I can email for the link if someone wants. I'm using r4dsi nand. Oct 21, 2020 I was able to get boot9strap to work but the bios.bin file is required and I can't seem to find it. Does anyone have any ideas on where to get it? I'm currently using the r4dsi nand. Nov 8, 2020 Hi, thanks for the guide. I was working on getting my R4DSi boot9strap and my nds files are now working but I'm having trouble getting past how to get the bios.bin, bios9.bin and firmware.bin files for nds. I did find the guide to downloading my nds bios, but it doesn't give me any of the other files. I only see bios7.bin and bios9.bin. Where can I find the other bios.bin, bios9.bin

SIPX Terminators SIPX Terminators are a group of primitive mobile code-equipped short messaging service (SMS) voicemail and short messaging service (SMS) services for cellular phones (including mobile phones and PDAs), that are provided as part of the Global System for Mobile Communications (GSM) standard, without operator support and without any business model. Technically, SIPX Terminators work by intercepting, replaying, and answering messages, leaving the calling party at the receiving phone's voicemail inbox. Technically, SIPX Terminators are a protocol within the GSM standard that defines how the terminal applies logic to incoming and outgoing calls. While used for short message service (SMS), SIPX Terminators are not restricted to SMS and may also be used for other applications, such as voicemail.
