Show HN: MobileWebHub 3 - jakubp ===== jakubp Hi! I wanted to share my first official app for iOS and Android. It's a personal feed aggregator. I think it solves a problem of getting to the top of interesting feeds. More than 100 feeds are in the app and each one represents the newest post by an author (A subscription service is on the way). Feeds are in the free version, subscription costs \$1/week or \$12/year. I'll also add a nice animation to onboarding (I think the current one is too harsh for iOS devices). If there's anything more I can do to improve the app, let me know. Any feedback is appreciated! [
