Worldwide Ready The FIFA World Cup™ is now a worldwide phenomenon with millions of fans around the world cheering their favorite teams and players to the finish. And it's all thanks to the unparalleled ball control, pace and pace passing of pro soccer players. Now, with FIFA 22, you can experience every match with the best professional players in the world, including World Cup™ legends. EA SPORTS also created the new FIFA World Cup™ Now mode to give you the perfect opportunity to play as the world's best. "The FIFA World Cup™ is the most watched sporting event in the world, and we are passionate about giving our fans the best football experience they've ever had," said Oliver Turriff, Creative Director at EA SPORTS. "In FIFA 22, we've made significant progress in the areas of Player Intelligence, Player Traits and Player Control. We wanted our players to communicate their tactics and play style through their animations, movement, and their more physical interactions with the ball. In FIFA 22, we've tried to really get those subtleties and nuances of game play that only come from playing a complete game with the pros, and through that, to get closer to what you are watching in real life." New Player Traits Reveal Strength: Players will have more "it" in their pocket. While dribbling, players will naturally accelerate when given the opportunity to move forward. When they need to use strength to get past an opponent or to hold off a challenge, they will naturally grow stronger. Players will have more "it" in their pocket.
